Welcome to our AUDIT SAFE service offer The Australian Taxation Office (ATO) and other Government revenue agency audits and

reviews are almost invariably unwelcome, unplanned, expensive and time-consuming. The ATO have recently increased their data matching protocols and currently collect and match data from over twenty other Government agencies which has resulted in them recently warning that they will be ramping up audits in the coming financial years.

JobKeeper and Cashflow Boost payments have also been highlighted by the Australian Taxation Office as an area to attract future scrutiny.

The Australian Tax institute suggests that any taxpayer, individual or small business who finds themselves being audited by the ATO, should seek the assistance of a property qualified tax practitioner. Therefore as your accountants, we are pleased to offer you a service that protects you from unplanned and unbudgeted professional fees that may arise in responding to these unexpected audits.

Audit Safe is suitable for businesses, self-managed superannuation funds and even individuals. Please find your Audit & Compliance service offer by clicking on the blue button below. It outlines the Terms and Conditions of the Service, the cost, and includes list of entities that will be covered in the event of any audits or reviews undertaken by Australian Government revenue agencies.

If you have any questions or wish to discuss any concerns, please do not hesitate to contact us on 08 7078 3513 or by email at adminn@CBDAccounting.com.au. Alternatively, please view the offer by clicking on the blue button below.
